

DON'T BE FOOLED!

The "Freedom" Foundation is a vicious anti-worker group funded by corporate billionaires and Wall Street CEOs. They are trying to use a recent Supreme Court case to weaken and divide public workers, so they can lower our pay, and the rich can get richer.

The Teamsters – America's Strongest Union – is standing together to protect our wages, benefits and retirement security.

WHY IS THE “FREEDOM” FOUNDATION INTRUDING ON OUR PRIVACY?

Anti-worker organizations like the “Freedom” Foundation try to get our personal information to advance their agenda.

They intrude on our privacy at work and even at our homes.

Don't be fooled. They aren't about freedom. They want to weaken and divide us so they can lower public workers' pay and benefits.

Teamsters are standing together to protect our wages, improve benefits & create a fair work-place for public employees.
